POWER AND COUNTRY

Electrician

Full time | Hunter, NSW

Power and Country is an Aboriginal and Supply Nation certified trade company, operating out of Newcastle and Muswellbrook. We're looking for licensed electricians to join our crews on HV and LV work, including BESS and renewables projects.

What you'll do

- Carry out electrical installation, modification and testing work
- Read and work from drawings and procedures
- Complete safety documents such as JHEAs and work safely as part of a crew
- Take direction from your Leading Hand and help keep the job on program
- Support apprentices and TAs on the tools

What you'll need

- Current NSW electrical licence
- White Card and driver's licence
- Current LV rescue and CPR
- Commercial, industrial or major project experience
- HV, BESS or renewables experience is well regarded

What we offer

- Full-time role with paid leave and super, paid fortnightly
- Direct employment with Power and Country, not through an agency
- Experience on BESS and renewables work
- A business that runs mentoring and apprenticeship programs for Aboriginal youth

We want to hear from you

We strongly encourage applications from Aboriginal and Torres Strait Islander people, women and young people. All applicants are considered on merit, whatever their age or background.

How to apply

Send your resume and tickets to **admin@powerandcountry.com.au**. Find out more at **www.powerandcountry.com.au**.
