POWER AND COUNTRY

Leading Hand (Electrical)

Full time | Hunter, NSW

Power and Country is an Aboriginal and Supply Nation certified trade company, operating out of Newcastle and Muswellbrook. We're after experienced electrical Leading Hands to run crews across our HV and LV work, including BESS and renewables projects.

What you'll do

- Run a crew day to day and keep the work on program
- Plan and allocate tasks, and lead pre-starts and toolbox talks
- Make sure safety documents such as JHEAs are completed and followed
- Work with supervisors, engineers and client site teams
- Mentor apprentices and TAs on the job

What you'll need

- Current NSW electrical licence
- Experience leading a crew as a Leading Hand or Supervisor
- White Card and driver's licence
- Current LV rescue and CPR
- HV, BESS or renewables experience is well regarded

What we offer

- Full-time role with paid leave and super, paid fortnightly
- Direct employment with Power and Country, not through an agency
- A real say in how your crew runs and the people you bring through
- A business that runs mentoring and apprenticeship programs for Aboriginal youth

We want to hear from you

We strongly encourage applications from Aboriginal and Torres Strait Islander people, women and young people. All applicants are considered on merit, whatever their age or background.

How to apply

Send your resume and tickets to **admin@powerandcountry.com.au**. Find out more at **www.powerandcountry.com.au**.
